If any company listed above qualifies to continue payroll deductions prior to the January 1-15, 1975 pay period, you will be notified.

Failure to discontinue deductions for the insurance deduction codes listed above may cause a delay in the processing of your payrolls.

Please notify each employee affected by the discontinuance of payroll deductions for the companies listed above.

Should deductions continue to be made during or after the January 1-15, 1975 pay period, the following steps will be taken:

1. The warrant for the premiums deducted in error will be voided and returned to the agency.
2. The agency must process an Expenditure Adjustment Transmittal (Form C-63) for this warrant.
3. The agency must reimburse the erroneously deducted premium for each employee via a Commercial Voucher (Form C-13).

If your agency continues to deduct premiums for the inactivated deduction codes, the payroll voucher may be returned to the agency for correction.

Very truly yours,

George W. Lindberg  
Comptroller
